

Carillon 15U High Performance Program

The Carillon Minor Baseball Association offers a Regional High Performance program for the 15U level that extends beyond league play and into the summer months. These programs ask for an increased level of dedication and the skill level of a player is taken into consideration. Players that are accepted into the program are eligible to be placed on one of the teams listed below.

Carillon Regional AAA Provincial Team- The Carillon AAA team has a fairly intense schedule with weekly practices from April-June and then two practices per week from July to early August. The team will play 10+ games against other AAA teams in the province from May-Mid July. Games will generally be held on weekends (finalized schedule to be released in April/May). The team will also participate in the St. James A's tournament in June and a tournament in Brandon on Canada Day weekend, the Provincial AAA Qualifier July 19-21 location TBA and the AAA Provincials on August long weekend in Iles Des Chenes. All AAA players must play with their local association league teams as well.

Carillon is one of the largest minor baseball organizations in the province and typically have over 40 players trying out for this team. Minor aged players/parents should remember the transition from 13U to 15U AAA is a very big step and generally only 1-2 minor aged players make the AAA team. Participation in past Carillon 13U AAA teams does not guarantee a placement on the 15U AAA team. However, the Regional AA program has proven to be a very good development opportunity to prepare players for future AAA tryouts. Parents/Players may also choose to not be considered for AAA, but only for the AA program. Please email the address at the bottom of the page if this is your request.

Carillon Regional AA Team- Baseball Manitoba will be offering a AA provincial that will consist of other AA regional teams (no AAA players) for the first time in 2023. This will replace the 15U prospects showcase that was offered in the past. Carillon has had multiple prospects teams in past years, but will just have the one AA team this season due to the new format. One of the main goals of the 15U AA program is to develop the players that will be on the following years 15U AAA team. Therefore, the AA team will consist mainly of minor aged players with some major aged players joining the roster as well. Carillon 15U AA team has a fairly intense schedule with weekly practices in May-June and two practices per week in July. The team will play games in the Wayne Tucker tournament in Winnipeg in late May and then follow an exhibition schedule up until the provincials in July. (finalized schedule to be released in April/May) and the AA provincials in Brandon on July 26-28 in Brandon. All AA players must play with their local association team as well. Players interested in this program must participate in the AAA tryouts as they are held in conjunction with each other. If a player would prefer to play AA and not be considered for the AAA team please inform the contact at the bottom of the page.

Registration Process

Step 1- Registration must be completed online by March 24th. All players must register and pay the \$50 fee online before attending the camps. This is an important process as the number of interested players will have an effect on how we organize and run the workout sessions. Players will attend up to four identification workouts in Phase 1. After this phase players will be informed by email if they will be invited to continue in future phases of the roster identification process. Players will not receive an evaluation report, but can request feedback if they are not invited to the next stage of the identification process.

Step 2- The identification process will continue with rosters finalized by early to late May.

Step 3- Player fees will be paid online by June 1st for the remainder of the season. The estimated fees are as follows –

15U AAA- \$500 15U Prospects- \$250
